

Bounded on the East by the eastern Clay, Archer, Throckmorton, Shackelford, and Callahan County lines;

Bounded on the South by the southern Callahan, Taylor, Nolan, Mitchell, Howard, Martin, and Andrews County lines; and

Bounded on the West by the western Andrews, Gaines, Yoakum, and Cochran County lines; the northern Cochran County line; the northern Hockley County line east to FM 303; FM 303 north to U.S. Route 84; U.S. Route 84 (including Sudan), southeast to FM 37; FM 37 east to FM 179; FM 179 north to FM 1914; FM 1914 east (not including Hale Center), to FM 400; FM 400 south to FM 37; FM 37 east to the Hale County line; the eastern Hale County line; the northern Crosby and Dickens County lines; the western Cottle and Childress County lines north to U.S. Route 287; U.S. Route 287 northwest to Donley County; the southern Donley and Armstrong County lines west to Prairie Dog Town Fork of the Red River; Prairie Dog Town Fork of the Red River northwest to State Route 217; State Route 217 west to FM 1062; FM 1062 west to U.S. Route 385; U.S. Route 385 north to Oldham County; the southern Oldham County line; the western Oldham, Hartley, and Dallam County lines.

The area also includes El Paso County, Texas, and Beaver, Beckham, Cimarron, Ellis, Harper, Roger Mills, and Texas Counties, Oklahoma.

The geographic area presently assigned to Wisconsin, pursuant to Section 7(f)(2) of the Act, which may be assigned to the applicant selected for designation, is the entire State of Wisconsin, except those export port locations within the State.

Interested persons, including Amarillo and Wisconsin, are hereby given the opportunity to apply for designation to provide official services in the geographic area specified above under the provisions of Section 7(f) of the Act and section 800.196(d) of the regulations issued thereunder. Designation in the specified geographic area is for the period beginning December 1, 1995, and ending November 30, 1998. Persons wishing to apply for designation should contact the Compliance Division at the address listed above for forms and information.

Applications and other available information will be considered in determining which applicant will be designated.

Authority: Pub. L. 94-582, 90 Stat. 2867, as amended (7 U.S.C. 71 *et seq.*)

Dated: May 23, 1995.

Sidney U. Allen,

Acting Director, Compliance Division.

BILLING CODE 3410-EN-F

Natural Resources Conservation Service

Lower Hamakua Ditch Watershed, Hawaii County, Hawaii

AGENCY: Natural Resources Conservation Service, USDA.

ACTION: Notice of intent to prepare an environmental impact statement.

SUMMARY: Pursuant to Section 102(2)(C) of the National Environmental Policy Act of 1969; the Council on Environmental Quality Rules (40 CFR part 1500); and the Natural Resources Conservation Service Rules (7 CFR part 650); the Natural Resources Conservation Service, U.S. Department of Agriculture, gives notice that an environmental impact statement is being prepared for the Lower Hamakua Ditch Watershed, Hawaii County, Hawaii.

FOR FURTHER INFORMATION CONTACT: Kenneth M. Kaneshiro, State Conservationist, Natural Resources Conservation Service, 300 Ala Moana Blvd., Room 4316, Honolulu, Hawaii, 96850, telephone (808) 541-2600.

SUPPLEMENTARY INFORMATION: This federally-assisted project action may cause significant local, regional, or national impacts on the environment, or create controversy over man's use of limited water resources. As a result of these findings, Kenneth M. Kaneshiro, State Conservationist, has determined the preparation and review of an environmental impact statement is needed for this project.

The project concerns a plan to provide a dependable water supply for small farms, and on-farm irrigation systems on former sugar cane lands. It will also address the social and cultural conflicts of the use of water in the watershed. Irrigation is the primary project purpose. Alternatives under consideration to research these objectives include: Rehabilitation of the ditch system, use of wells for the agricultural water supply, reorganization of on-farm irrigation systems.

A draft environmental impact statement will be prepared and circulated for review by agencies and the public. The Natural Resources Conservation Service invites participation and consultation of agencies and individuals that have

special expertise, legal jurisdiction, or interest in the preparation of the draft environmental impact statement. Initial scoping meeting was held in Honokaa, May 16 at 6:00 p.m. to determine the scope of the evaluation of the proposed action. Further information on the proposed project action or additional scoping meetings may be obtained from Kenneth M. Kaneshiro, State Conservationist, at the above address or telephone (808) 541-2600.

(This activity is listed in the Catalog of Federal Domestic Assistance under No. 10.904—Watershed Protection and Flood Prevention—and is subject to the provisions of Executive Order 12372 which requires intergovernmental consultation with State and local officials.)

Dated: May 18, 1995.

Lawrence T. Yamamoto,

Acting State Conservationist.

BILLING CODE 3210-16-M

DEPARTMENT OF COMMERCE

Agency Forms Under Review by the Office of Management and Budget

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposals for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: International Trade Administration (ITA).

Title: NATO International Competitive Bidding List Application.

Agency Form Number: ITA-4023P.

OMB Approval Number: 0625-0055.

Type of Request: Extension of the expiration date of a currently approved collection.

Burden: 60 hours.

Number of Respondents: 60.

Avg Hours Per Response: 1 hour.

Needs and Uses: U.S. firms that want to participate in NATO International Competitive Bidding under the NATO Security Investment Program must be certified as being technically and financially competent. The information provided is used to determine if a company is eligible to bid on NATO funded projects.

Affected Public: Businesses or other for-profit institutions.

Frequency: On occasion.

Respondent's Obligation: Required to obtain or retain a benefit.

OMB Desk Officer: Don Arbuckle, (202) 395-7340.

Agency: International Trade Administration (ITA).

Title: Antidumping and Countervailing Duties - Procedures for

Initiation of Downstream Product Monitoring.

Agency Form Number: None.

OMB Approval Number: 0625-0200.

Type of Request: Extension of the expiration date of a currently approved collection.

Burden: 15 hours.

Number of Respondents: 1.

Avg Hours Per Response: 15 hours.

Needs and Uses: In 1988, the Tariff Act was amended. Under this provision a domestic producer of an article that is like a component part of a downstream product may petition the Department of Commerce to designate the downstream product for monitoring. If the Department accepts the petition, the U.S. International Trade Commission will monitor the trade in the downstream product. The Department of Commerce considers such reports in determining whether to self-initiate an antidumping or countervailing duty investigation.

Affected Public: Businesses or other for-profit institutions.

Frequency: On occasion.

Respondent's Obligation: Required to obtain or retain a benefit.

OMB Desk Officer: Don Arbuckle, (202) 395-7340.

Agency: International Trade Administration.

Title: Special Access — Special Regime Export Declaration.

Agency Approval Number: ITA-370P.

OMB Approval Number: 0625-0179.

Type of Request: Extension of the expiration date of a currently approved collection.

Burden: 10,483 hours.

Number of Respondents: 119,000.

Avg Hours Per Response: Ranges between 3 and 18 minutes for the reporting requirements and 1 minute per exported shipment for recordkeeping.

Needs and Uses: The Special Access and Special Regime Programs have been established to provide increased access to the United States market for textile products assembled abroad from fabric formed and cut in the U.S. The information being collected is used by the Committee for the Implementation of Textile Agreements (CITA) and the U.S. Customs Service in two ways: (1) to determine whether merchandise exported from a participating Caribbean country or Mexico is properly certified as entitled to entry under the Special Access or the Special Regime and (2) to conduct audits to determine whether U.S. fabric was used to produce the final product.

Affected Public: Businesses or other for-profit organizations.

Frequency: On occasion.

Respondent's Obligation: Required to obtain or retain a benefit.

OMB Desk Officer: Don Arbuckle, (202) 395-7340.

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Coastal Economic Indicators.

Agency Form Number: None assigned.

OMB Approval Number: None.

Type of Request: New collection.

Burden: 475.

Number of Respondents: 475.

Avg Hours Per Response: 1 hour.

Needs and Uses: Part of NOAA's statutory mandate under the Coastal Zone Management Act is to undertake technical assistance and management-oriented research. Under this authority, and with consultation with its state partners, NOAA is proposing to establish a database of economic statistics related to coastal and marine resources and areas. The data will be used to increase awareness of the economic importance of our nation's coastal and marine assets.

Affected Public: Not for-profit institutions, federal, state, and local government representatives.

Frequency: One-time.

Respondent's Obligation: Voluntary.

OMB Desk Officer: Don Arbuckle, (202) 395-7340.

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Coastal Resources Awareness.

Agency Form Number: None assigned.

OMB Approval Number: None.

Type of Request: New collection.

Burden: 175 hours.

Number of Respondents: 1,050.

Avg Hours Per Response: 10 minutes.

Needs and Uses: Under the Coastal Zone Management Act, NOAA is responsible for undertaking technical assistance and management-oriented research. Through this survey, NOAA will be seeking to determine whether coastal zone management efforts by the states have contributed to improved awareness of, and concern for, coastal resources and their importance to the national and local economies.

Affected Public: Not for-profit institutions, state, local governments.

Frequency: One-time.

Respondent's Obligation: Voluntary.

OMB Desk Officer: Don Arbuckle, (703) 395-7340.

Copies of the above information collection proposals can be obtained by calling or writing Gerald Tache, DOC Forms Clearance Officer, (202) 482-3271, Department of Commerce, Room 5327, 14th and Constitution Avenue, N.W., Washington, D.C. 20230.

Written comments and recommendations for the proposed information collections should be sent

to Don Arbuckle, OMB Desk Officer, Room 10202, New Executive Office Building, Washington, D.C. 20503.

Dated: May 23, 1995.

Gerald Tache,

Departmental Forms Clearance Officer, Office of Management and Organization.

BILLING CODE 3510-CW-F

Foreign-Trade Zones Board

[Docket 26-95]

Foreign-Trade Zone 75—Phoenix, Arizona; Application for Subzone Status, SGS-Thomson Microelectronics, Inc. (Semiconductors), Phoenix, Arizona

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the City of Phoenix, Arizona, grantee of FTZ 75, requesting special-purpose subzone status for the semiconductor manufacturing plant of SGS-Thomson Microelectronics, Inc. (STM), located in Phoenix, Arizona (Phoenix Customs port of entry area). The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on May 25, 1995.

The STM plant (250,000 sq. ft. plus 250,000 sq. ft. planned on 17 acres) is located at 1000 East Bell Road, Phoenix. The facility (300 employees) is used to produce a range of semiconductor devices. While the plant's primary product line currently involves microprocessors, other products that are or could be made at the facility include application-specific processors, memory chips, flash memories, and other power and signal processing devices. Foreign sourced materials (up to 50% of total) involve primarily gold, adhesives, resins, plastic sheets, and plastic packaging materials. Other materials that may also be purchased from abroad include transformers, capacitors, diodes, transistors, integrated circuits, resistors, printed circuits, switches, wire, fasteners, and other electrical and automatic data processing equipment and components. Some 10 to 15 percent of the finished products are exported.

Zone procedures would exempt STM from payments of Customs duties on foreign materials used in production for export. On domestic sales, the company would be able to choose the duty rates that apply to the finished products (mostly duty-free). The duty rates on foreign-sourced items range from duty-free to 20 percent (with most in the 2.1-
